Simultaneous Issue of Owner's and Loan Policies

When an owner's policy and loan policy are simultaneously issued, the premium rate for the owner's policy shall be the original premium rate for an owner's policy and the rate for the loan coverage shall be \$100.00 for the amount of mortgage coverage not in excess of the owner's policy. The premium on the amount of the mortgage coverage exceeding the owner's policy is calculated at the regular original premium rates in the applicable brackets. The owner's policy shall be issued for the full value of the property.

Construction Loan Rates

The premium rate for construction loan policies is \$1.20 per thousand dollars of coverage, with a minimum gross premium of \$100.00. If a subsequent permanent loan policy is issued on the same property, a credit will be allowed for the entire construction loan premium paid.
